IN NIGERIA (TRIMING) PROJECT**

**PUBLIC NOTICE FOR THE DISCLOSURE OF RESETTLEMENT ACTION PLAN
FOR BAKOLORI IRRIGATION SCHEME, TALATA MAFARA, ZAMFARA STATE
NIGERIA.**

Credit No: 5506-NG

Project Id No: P123112

Date: 23rd of August, 2016

The Federal Government of Nigeria through the Federal Ministry of Water Resources has requested the assistance of the World Bank to support the preparation of a Transforming Irrigation Management in Nigeria (TRIMING) project. The Project Development Objective (PDO) of the (TRIMING) project is to improve access to irrigation and drainage services and to strengthen institutional arrangements for integrated water resources management, with the overall aim to support agricultural productivity improvement in selected large-scale public schemes in Northern Nigeria.

The TRIMING project intends to support on the ground Integrated Water Resources Management in the following three basins; Sokoto-Rima Basin, Upper Benue Basin, and the Hadejia-Jama'are-Komadugu-Yobe Basin (HYKYB). Also TRIMING will support dams operational and safety management improvement, particularly for the following dams and reservoirs; Bakolori, Zobe, Goronyo, Tiga, Challawa Gorge, RuwanKanya operational reservoirs, Hadejia Barrage and Dadin Kowa and also irrigation management through a particular focus on enhancing capacity of water users associations.

This necessitated the preparation of a Resettlement Action Plan covering Bakolori irrigation Scheme as required by the World Bank Policy. By this publication, the general public is hereby notified that copy of this report would be available for

twenty-one (21) days from the date of this publication for the members of the public perusal between 8:00am – 4:00pm at the following locations:
